

Habitual Costiveness
causes derangement of the entire system,
and those who have it are subject to it.
Persons of active habit are subject to Head-
ache, Defective Memory, Giddiness, Forehead-
aches, Tension of the Brain, Neuralgia, Irrita-
tions, Tumors and other symptoms, which
unites the sufferer for business or agreeable
associations. Regular use of body aches
causes great evils, and the use of tobacco
seeds as well in achieving this condition as
Tut's Pills. By their use not only is the
habitual costiveness removed, but also the
harmful changes thus created, there
perpetuates a feeling of satisfaction; the
natural facilities for forming a social life with
wives and children, is an exhilaration of
mind and body, and perfect heart-ease that
beats the full enjoyment of health.

Mr. JOHN JOHNSON, 521 1/2 James St., Richmond, Va., writes:

Last fall I was attacked with intermitting fevers, chills, and fits, and was compelled to give up my business, and was unable to get along with my wife, who was ill. I was compelled to leave home, and my wife followed me to New Orleans, where we were married. I have since been ill, and have had to give up my business, and am now confined to bed. I have tried every remedy, and have used A. C. Tonic since I came to Richmond, and have found it to be the best. I have discontinued the use of the Expectorant, and am now entirely well. I have no desire to go to the doctor again, and the A. B. C. Tonic and Expectorant are my only remedy.

Mr. F. W. MAYER, 312 N. 15th street, Richmond, Va., writes:

I have used A. B. C. Alternatives with great success, and have found them to be the best. I have been using them for over two years, but by far the greatest improvement has been made in my health.

DISEASES OF CHICKENS

Send the following letters from people who have used VICTORY POULTRY FOOD, for Chicks, Hens, Gobies and other diseases in flocks?

Having had a good deal of experience with Chicken Cholera, I cannot, in justice to my brother farmers, refrain from giving them the results of my observation. Some five years ago my wife had one year some two hundred flocks of chickens and nearly all the old flocks, and we never had any trouble with chickens. The disease was not confined to the chickens only, but the turkeys took it, and their meat in the same way.

Several years passed by, and some one recommended to POLK MILLER'S CHICKEN FEED, which we used, and we had good success ever since, never losing a fowl.

It adds greatly to the fowls' laying, and I HAVE NEVER SEEN A CASE OF GAPPES SINCE using it.

Now I would say do without salt in my feed or bran to raise to raise fowls with POLK MILLER'S CHICKEN FEED.

WILLIS W. HOWSON,

Powhatan County, Va.

As an evidence of our valuation of the VICTORY POULTRY FOOD, I will simply state that we are never without it in storing or summer. We buy by the dozen boxes, and when my wife has a sick fowl of any kind, "she makes for these Powders," and that's the last of it. It is an infallible remedy with us. I have used it also with equal success ever since, never losing a fowl.

It adds greatly to the fowls' laying, and I HAVE NEVER SEEN A CASE OF GAPPES SINCE using it.

Now I would say do without salt in my feed or bran to raise to raise fowls with POLK MILLER'S CHICKEN FEED.
